Education

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
MCA	CSJMU	(Pursuing)	2025 - 2027
BCA	CSJMU	8.20	2022 - 2025
Intermediate	Kailas Saraswati Inter College Kanpur	69%	2021 - 2022
High School	Kailas Saraswati Inter College Kanpur	77%	2019 - 2020

Internship Experience

- **Edunet Foundation** *Aug 2025 - Sep 2025*
  Front End Web Development Intern Remote
  - Built a responsive **Quiz Application** using **HTML, CSS, JavaScript** with dynamic question rendering, real-time score tracking, and optimized UI/UX; deployed on Netlify. **Project Link**
  - Scaled the project into an open-source **real-time Live Quiz Platform** used at Code Vidya (Coding Club) CSJMU, implementing WebSocket-based communication, live leaderboard, timed MCQs, and admin controls. **Extended Version**
  - **Tech Stack:** React, Vite, TypeScript, Tailwind CSS, FastAPI (Python), Socket.IO, Git, Vercel, Netlify.
- **TechSaksham (Microsoft & SAP Collaboration)** *Nov 2024 - Dec 2024*
  AI Transformative Learning Intern Remote
  - Built AI-powered Attendance System using Python, OpenCV, and Geolocation APIs, achieving 98% recognition accuracy
  - Implemented facial recognition authentication and real-time location validation for secure attendance tracking
  - Developed admin dashboard with automated reporting features **Project Link**
- **Vital Skills (Associated with Techkriti IIT Kanpur)** *Jun 2024 - Jul 2024*
  Security Research Intern Remote
  - Explored penetration testing basics using the BadStore vulnerable web application (SQLi, XSS, authentication flaws).
  - Documented findings and understood mitigation approaches for common web vulnerabilities.
  - Built mini security projects: Network Packet Analyzer, Password Strength Checker, Image Encryption Tool, and basic cryptography implementations.
  - Gained practical exposure to Linux, Networking fundamentals (TCP/IP), and security concepts.

Projects

- **Live Proctoring System (AI Monitoring)** *Feb - 2025*
  Next.js · Node.js · Clerk Auth [] [Live Demo]
  - Built full-stack application using Next.js & Node.js with Clerk authentication.
  - Designed REST APIs for real-time monitoring and secure session handling.
  - Implemented role-based access control for admin & student dashboards.
  - Deployed application with optimized performance and secure routing.
- **Geo-Location Attendance System (CSJMU Major Project)** *Nov 2024*
  Python · OpenCV · MySQL · XAMPP · Face Recognition [] [Synopsis]
  - Automated attendance using geofencing and facial recognition technology
  - Secure data storage with MySQL and real-time face detection via OpenCV
- **Other Projects**
  React.js · AI/ML · Python · Node.js · LLM - RAG [Click Here]
  -

Technical Skills

- **Programming**: Python, C++
- **Frontend**: JavaScript, React.js, HTML5, CSS3, GSAP, Shadcn ui
- **Backend**: Node.js, Express.js, REST APIs, JWT and Clerk Authentication
- **Databases**: SQL, NoSQL, MongoDB, Supabase, Firebase
- **AI & GenAI**: Chatbot Development, OpenAI API, Basic RAG, AI Automation
- **DevOps & Tools**: Git/GitHub, Docker, Linux, VS Code, CI/CD Basics

Certifications

- Introduction to Cybersecurity - Cisco Networking Academy, View Credential *2025*
- Full Stack Development - Sheriyans Coding School, View Credential *2025*
- Artificial Intelligence Fundamentals - IBM Skill Build, View Credential *2025*
- Python for Data Science and AI - IBM & Coursera, View Credential *2023*
- Introduction to Back-End Development - Meta, View Credential *2023*
- **More Certifications**, View More -

Leadership Roles

- **Secretary – Coding Club | CSJM University | View Link** *2025 – Present*
- **Event Lead – HackShodh 2026 24'hr Hackathon | CSJM University | View Link** *Jan 2026*
- **System Support Volunteer – ICPC Kanpur Site | ICPC | View Link** *Dec 2025*
- **Problem Setter & Web Lead – CS Education Week | CSJM University | View Link** *Dec 2025*
- **Google Gemini Student Ambassador | Google Developer Program | View Link** *2025*
- **Student Mentor – NSS | CSJM University | View Link** *2025*
- **Technical Head – TechFest 2K24 | UIET CSJMU | View Link** *2024*
- **Technical Member – Code Cluster | UIET CSJMU | View Link** *2023*

Achievements

- **Arcade Skill Boost - Earn Skill Badges & Swag**, Profile | Google Cloud Platform *2023 – Present*
- **Azure & Fabric - Azure AI**, Profile | Microsoft Learn *2024 – Present*
- **2nd Runner-up in Web Dev - Geek-Week Hackathon**, Certificate | CSJM University *2023*
- **3rd Rank - District Science Exhibition**, View Project | Pollution Reduction Innovation *2021*

Hackathon Participation

- **Hackathons to Quizzes - Showcasing My Achievements and Learnings** *Click Here*

Open Source Contributions

- **Active Open Source Contributor** - Open-Source Portfolio | Badges *2023 - Present*
  - Participated in Hacktoberfest consistently since 2023, earning Super Contributor status in 2025
  - Contributed 20+ PRs across web development, AI/ML, and documentation projects
  - Recognized with Rs.5000 swags and ranked 13 in Hack AI DevFest 2024
  - Enhanced multiple projects with UI improvements, backend logic, and feature additions

Workshops & Training

- **Drone Tech & Robotics Workshop**, Certificate | BIAG India & Kodacy Robotics *Jan 2023*
